Summer Projects

Dear students of the European Section,

Here is some important information for you to prepare next back-to-school courses in our European Section. You are expected to do both projects.

Project 1

In 2024 France hosted the Summer Olympic Games.

In 2025, the global spotlight turns to the Rugby World Cup (Women) hosted in England (August 22 – September 27) and the preparations for the 2026 FIFA World Cup in North America (USA, Canada, and Mexico) are well underway.

These major international sports events are more than competitions—they are platforms for nations to shape their image, exert influence, and promote values.

It is an opportunity for you to look at
sport diplomacy and geopolitics.

- **What sport(s) do you practice or watch?** Be ready to convey and share your interest(s) with varied information in a long conversation.

- **What has sport to do with geopolitics?**

Watch the following webinar to be able to explain a key concept to deal with sport in geopolitics. (take notes)

- [VIDEO: from 43:24 to 57:12](#)
- where does the document come from?
- who is talking?
- what is the purpose of their talk?

Project 2

Be curious, read the press / fiction / non-fiction, **watch** the news / films / series / documentaries, **listen to** podcasts / radio channels /etc. to maintain and reinforce your comprehension skills. **Tell us about your choices and discoveries in September!**
